State-of-the-art care, county-wide

Why do I choose Mercy? It's more than the fact they're close by — it's because they're close to my heart. My family's roots run deep in Lorain County, and so too does Mercy's commitment to us, and to our community. For years I've experienced firsthand the high-quality care that makes Mercy such a vital part of so many lives. The treatment my family and I receive is second to none — but it's the care we're treated with that makes us feel right at home. **My home. My health. My Mercy.**

This is my Mercy.
