# New health benefits to help you feel supported and covered

CoreLogic is partnering with Anthem Blue Cross  
for your 2023 medical benefits

# Introducing Anthem — Connecting you with care and resources for a healthy life

During Annual Enrollment that runs from October 24 to November 4, 2022, you will have the option to choose an **Anthem Blue Cross (Anthem)** health plan. We're here to guide you through this transition and help you be confident knowing you have the health coverage that's right for you.

Your Anthem health plan connects you with a large network of quality doctors and hospitals. It also gives you online resources such as the **Sydney<sup>SM</sup> Health app**, personal attention from a dedicated team, and wellness programs to help you take care of your health.

## Find a doctor in your plan's network

The right doctor can make a big difference in your health — and choosing one in your plan's network can save you money, too. With Anthem, you have access to more than 1.7 million doctors and hospitals nationwide,\* so you have peace of mind wherever you live, work, or travel. Our **Find Care** tool helps you find healthcare professionals and facilities in your plan's network.

1. Go to [anthem.com/ca/find-care](https://anthem.com/ca/find-care).
2. Search in the text box under **Use Member ID for Basic Search** and enter the alphanumeric prefix applicable below and select **Continue**:
  - For Florida: V5F
  - For Wisconsin: V7W
  - All other states: V6L
3. Enter your location and search by facility name, doctor name, specialty, or procedure. Select a doctor to get details such as specialties, languages spoken, training, gender, and contact information.

## Transition of care

We're here to help make sure the transition to Anthem is smooth for you. If you currently receive care for a health condition and your doctor is not in the Anthem plan's network, call an Anthem Health Guide at **833-401-1592**. Your new plan may cover services from your current doctor for a certain period of time. Anthem will help you safely transfer to the care of a doctor who is in your plan's network.

## Manage your health with the Sydney Health app

Once you enroll in an Anthem health plan, download the **Sydney Health app** from the App Store® or Google Play™. Log in to the **Sydney Health app** or your account at [anthem.com/ca](https://anthem.com/ca) to view your benefits and ID card, connect to virtual care, and access health and wellness resources.

## Enroll in an Anthem plan for you and your family between October 24 to November 4, 2022

Log in to [myapps.corelogic.com](https://myapps.corelogic.com) and select the Benefits Enrollment (YBR) icon or scan the QR code using the camera on your smartphone to choose your benefits.

You will receive your ID cards after you enroll and your new benefits will start January 1, 2023. If you have questions, call an Anthem Health Guide at **833-401-1592**.

## Explore programs tailored for your needs

Your Anthem plan comes with tools and programs to support your health — and help you reach your health goals — at no extra cost.

- Connect with Anthem Health Guides — they're personal guides who can answer questions about your benefits and connect you with the right resources, programs, and support.
- Have a video visit with a doctor or therapist using your smartphone, tablet, or computer with a webcam.
- Connect with registered nurses who will answer health questions.
- Get support from a team to help manage ongoing health matters such as asthma, chronic obstructive pulmonary disease (COPD), diabetes, or heart disease.
- Sign up for Building Healthy Families if you are having a baby or are a new mom — this program helps you take care of yourself and your baby before, during, and after pregnancy.

In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare professional in your plan's network. If you receive care from a doctor or healthcare professional not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan. ©2020-2022

LiveHealth Online is the trade name of Health Management Corporation, a separate company, providing telehealth services on behalf of Anthem Blue Cross.
